

Publications & Articles relating to Breeds of Livestock.

The Library holdings have a number of publications relating to Breeds of Livestock. In addition, the Society Journal has, over the years, published numerous articles relating to particular breeds. In each case, regardless of the general nature of a title, all entries listed include descriptions of one or more breeds of livestock.

The list is alphabetical. Where entries are breed specific e.g. Aberdeen Angus, they will appear under A. Where they relate to a class of livestock, e.g. Cattle, they will appear under C; this list provides for the researcher an invaluable source of information.

Key to location within the Library:

J = RASE Journal Volume Number.

B = Board of Agriculture publication.

GP = Gilbey Pamphlets, P. No in final column = pamphlet number in volume.

LRR = Library Reading Room.

LBS = Library Book Store.

LSR = Library Strong Room.

H = Transactions of the Highland and Agricultural Society of Scotland.
